Care you can count on

**A community of support
for children and their families.**

You're in safe hands

Coverdale's nurses are certified in Pediatric Advanced Life Support (PALS) and bring 10+ years of excellence in pediatric care.

Our specialized pediatric equipment ensures a safe environment where children feel comfortable and relaxed, and parents are at ease knowing their child's care is our number one priority.

A community of support

As children's healthcare needs evolve, we stay consistent, supporting them through every step and adapting to any changes in their health or medication.

We work closely with caregivers and healthcare teams to ensure open communication and the best outcomes for each child.

Feels like home

Our clinics are a warm and welcoming alternative to the hospital setting for young patients and their families.

- Recliner chairs
- Cozy, dimmable lighting
- Nintendo Switch

The Benefits of Coverdale

Flexible scheduling

Book evening or weekend appointments to avoid missing school or work.

Comfortable privacy

Our private rooms provide a relaxing space for young patients and their caregivers.

Stay connected

Parents can access free Wi-Fi to work remotely during their child's treatment.

Visit us

Families can schedule a meet-and-greet at their local clinic to experience our welcoming environment firsthand.

Lean on us for support

Our pharmacists are just a phone call or email away to answer questions, explain how the medication works, and discuss any risks, side effects and expected outcomes.

We know life gets busy, so we make things easier for parents and caregivers with refill reminders and fast, reliable delivery to your home or clinic.

You'll also receive:

- Phone or in-person counselling
- Extensive disease management support
- Assistance with insurance reimbursement
- Coordinated care with your physician, clinic and patient support program
- Treatment monitoring
