

BioScript Solutions

Finding independence together.

BioScript empowers teens
to manage their health with
confidence — giving them the
independence they want and the
peace of mind their parents need.

BioScript Pharmacy **makes life easier.**

We take care of the details

Our pharmacists are just a phone call or email away to answer questions, explain how the medication works and discuss any risks, side effects and expected outcomes.

We guide you through the insurance coverage process and help you get the best financial support possible so your family doesn't have to stress over it.

Free delivery, wherever you are

We know life gets busy, so we make things easier with refill reminders and fast, reliable delivery to your home or clinic.

Confidential support

Our pharmacists are just a call or email away to speak with teens about how lifestyle choices—like diet, exercise, or even substance use—might impact their treatment. No judgment, just honest advice.

Learn more about
BioScript Pharmacy

Coverdale Clinics puts you first.

Flexible appointments

Get treatment that fits your schedule. Our clinics offer evening and weekend hours, and you have access to our network of 100+ locations across Canada.

Education and support

Our nurses are here to listen and advocate for our patients. They can train teens on how to self-inject from home to begin managing their medication independently.

A comfortable environment

Our clinics are a warm and welcoming alternative to the hospital setting.

- Recliner chairs
- Free Wi-Fi
- TV streaming service
- Nintendo switch

A community by your side

As teens transition from pediatric to adult care, we stay consistent, supporting them through every step and adapting to any changes in their health or medication.
