

BioScript Solutions

Your health, **your way.**

Take charge of your
healthcare journey.

You are not alone.

Each year, 70,000 young adults transition out of pediatric care but still need ongoing support.

BioScript is here to help you feel confident, supported, and in control as you transition to managing your care independently.

BioScript Pharmacy makes life easier.

We take care of the details

We guide you through the insurance coverage process and help you get the best financial support possible so you don't have to stress over it.

We communicate with your healthcare team to keep them in the loop and manage your refills so that you can stay on schedule with your treatment.

Free delivery, wherever you are

We deliver your medication right to your clinic or front door, whether you're living at home, on campus, or traveling within Canada.

Confidential support

Our pharmacists are just a call or email away to talk about how lifestyle choices—like diet, exercise, or even substance use—might impact your treatment. No judgment, just honest advice, and we won't notify anyone without your consent (for ages 16+).

BioScript Pharmacy

Find a Coverdale Clinic near you

A comfortable environment

Your comfort matters to us. Enjoy La-Z-Boy chairs and free Wi-Fi, movies, TV, snacks and drinks. Our nurses take the time to get to know you and your preferences so your visit always feels familiar.

Education and support

Our nurses are here to listen and advocate for you. They can train you on how to self-inject from the comfort of your own home, so you can manage your medication independently.

Coverdale Clinics puts you first.

Flexible appointments

Get treatment that fits your schedule. Our clinics offer evening and weekend hours, and you have access to our network of 100+ locations across Canada.

Just tell us where you'll be, and we'll handle the rest, including appointment changes and medication delivery so that you never miss a treatment.
